Annual Security and Fire Safety Report Background

What is the Jeanne Clery Act?

Signed into law in 1990, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires post-secondary institutions that participate in Title IV programs to disclose certain timely and annual information about their campus' crime, security, and fire policies. The Clery Act was championed by Howard and Connie Clery after their daughter, Jeanne, was murdered at Lehigh University in 1986.

Where can I find our Annual Security Report?

To keep the University community informed of personal safety issues on campus, each year Commonwealth University's safety and security policy statements and statistics are published and widely distributed across campus and online. This complies with the federal Crime Awareness and Campus Security Act of 1990.

A copy of the Commonwealth University's Annual Security Report can be obtained at the University Police Department, the University Office of Human Resources, Labor Relations, the University Admissions Office, or by accessing the report on the University Police website. The report may also be found in various offices or departments around campus.

How is the Report Prepared?

This report is prepared in cooperation with the local law enforcement agencies surrounding our campus and affiliated sites, Housing and Residence Life, Office of the Dean of Students, Office of Student Conduct, and the Office of Title IX. Each department provides information on their educational efforts and programs. Campus crime, arrests and referral statistics include those reported to the University Police Department and campus officials designated as Campus Security Authorities, (including but not limited to: directors, deans, department heads, designated student employees, advisors to students/student organizations, and athletic coaches).

How is the Report Distributed?

Each year an email notification is made to all enrolled students that provides the website to access this report. Employees receive a similar notification. Copies of the report may also be obtained at the University Police and at various offices and departments around campus. Prospective employees may obtain a copy at the Office of Human Resources. The report remains accessible online through the University Police Department website.

What Does the Report Include?

This Annual Security Report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by Commonwealth University or student organizations that are officially recognized by the institution; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, sexual misconduct, drugs, alcohol, fire safety, an

*Crime rates are based on a total full-time equivalent population (FTE) of undergraduate, graduate students, and employees, per 100,000. An example is if the FTE were 10,000, with two offenses in a category, the rate would be $(2/10000) \times 100000 = 20$ for that category. These statistics are based on a period of time from Jan. 1 to Dec. 31 of each year. Uniform Crime Report Statistics are based only on reports generated by University Police and may be different than those reported under the Jeanne Clery Act. Crimes listed under the Jeanne Clery Act also include crimes that were reported only to campus security authorities (CSA'S) and other police agencies

Introduction

CU-Clearfield Campus is a state-owned institution and a member of Pennsylvania's State System of Higher Education (PASSHE) in the Commonwealth of Pennsylvania. The campus is located in Clearfield County in central Pennsylvania in Lawrence Township, Pennsylvania.

CU-Clearfield Campus

This small community-based campus — located along the West Branch of the Susquehanna River between I-80 and Route 322 on the outskirts of Happy Valley — was born 35 years ago out of Clearfield County's need for greater access to education. An opportunity turning into the right fit at just the right size. Clearfield students today can access even more educational benefits, yet still enjoy the right fit of a small campus in a family-like environment dedicated to ensuring they have all the opportunities their degrees unlock.

About the University Police

General Information

The University Police department is located 32 Glenn Road, Lock Haven, Pa 17745
Phone - (570)-484-2278

The University Police Department consists of full-time sworn police officers, who have received training under the Municipal Police Officer's Education and Training (Act 120).

Campus Law Enforcement Authority

In Pennsylvania, the State System of Higher Education, Act 188 of 1982 as amended by Act 48 of 2003, establishes and defines the powers and duties of campus police officers. This act granted campus police officers the authority to exercise the same powers that are granted to municipal police officers under the Statewide Municipal Police Jurisdiction Act, (Title 42, 8953).

In November of 2022, Act 121 of 2022 placed police at PASSHE schools, including Commonwealth University, under the directive of the Municipal Police Officers' Education and Training Commission (MPOETC) for police certification, commission and training.

All crimes, including major offenses; such as rape, murder, aggravated assault, robbery, and auto theft that are reported to have occurred within the geographic confines of the University are investigated by the University Police Department. Officers are also empowered to issue traffic citations and non-traffic citations for various violations of Pennsylvania Law. Violations of University policy and Student Code of Conduct are reported to the Office of Student Conduct for adjudication.

Mutual Interests

The University Police Department maintains a close working relationship with the local police, surrounding law enforcement agencies, the Pennsylvania State Police, and the FBI. University Police officers and local police officers often interact and provide assistance to each other when requested. There are no current memorandums of understandings with local agencies.

Security and Access

During business hours, the University (excluding certain labs, and other secure areas) will be open to students, parents, employees, contractors, and visitors. During non-business hours, access to all University facilities is by key or card access, if issued, or by admittance via the University Police or staff. During non-business or extended closings, those without keys or card access will only be admitted with prior written approval.

Some facilities, labs, and specified rooms have individual hours, which may vary at different times of the year. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

Maintenance of Campus Facilities

Commonwealth University facilities and grounds are maintained in a manner that minimizes hazardous conditions. During patrols the University Police and employees note and report malfunctioning lights and other unsafe physical conditions to Facilities for correction. Other members of the college community are encouraged to report maintenance concerns.

Reporting Crimes and Other Emergencies

Accurate and Prompt Reporting

All members of the Commonwealth University community, including guests, are encouraged to report all crimes and public safety related incidents to the University Police Department in a timely manner. All reports that the University receives or becomes aware of are investigated. Violations of the law are referred to the appropriate law enforcement agency for investigation. When relevant, information will be referred to the Office of Student Conduct or other authority for appropriate action.

Any suspicious activity or persons seen loitering in the parking lots, around vehicles, inside buildings or around residence halls, should be reported to the University Police Department.

How to Report Criminal Offenses

Dial 911 for all emergencies.

To report **non-life-threatening urgent situations or suspicious conditions on campus**, contact University Police at (570)-484-2278. Crimes that occur **off campus** can be reported to 911, or for non-emergency call the Clearfield Regional Police Department non-emergency number at (814)-765-1647. Dispatchers are available 24 hours a day to dispatch officers to calls. If an emergency or crime occurs **off campus**, students or any victim should report the event by dialing 911, (emergency) or (814)-765-1647 (non-emergency). Police / emergency services for the appropriate jurisdiction will respond accordingly.

Victims should report on-campus incidents to the University Police. Victims can also decline reporting criminal incidents to law enforcement when reporting their incident to other University departments, such as the Office of Student Conduct. Individuals may report a crime on a voluntary, confidential basis for inclusion in the annual security report.

Campus Security Authority

Crimes can be reported to any designated campus security authority (CSA). A CSA is an individual who has significant responsibility for student and campus activities. Most employees are designated as CSAs. CSAs are required to notify University Police of any reports of crime.

The following offices are also locations to report: Office of Housing and Residence Life; Office of the Dean of Students; Office of Student Conduct; Office of Title IX; Office of the Deans of the Academic Colleges.

University Professional and Pastoral Counselors

The Clery Act does not require a university professional or pastoral counselor to be considered campus security authorities (CSA). They are not required to report crimes, however are encouraged to report information for inclusion in the disclosure of crime statistics for the Annual Security Report and web-based report to the Department of Education. Pastoral Counselors have been defined as an employee of the institution who is associated with a religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. Professional counselors are employees of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of a state recognized license or certification.

Timely Warnings

Commonwealth University will issue timely warnings for certain crimes on a case-by-case basis. Timely warnings are issued for crimes that could present an on-going threat to the campus community, specifically; murder, non-negligent manslaughter, rape, fondling, statutory rape, incest, robbery, aggravated assault, burglary, motor vehicle theft and arson. The decision to issue a warning considers all of the known facts including; nature of the crime, continuing danger to the campus community, and possible risk of compromising law enforcement efforts.

Information to be included in timely warnings are date and time of the crime, nature of the crime, a general location, and information that promotes safety. The race of a suspect will not be given out if that is the only other descriptor beyond the suspect's sex, nor will the victim's identity be released. The intent of the warning is to enable campus community members to protect themselves, thus the warning will be issued as soon as possible even if all the facts are not yet known.

Timely warnings may be issued by some or all of the following notification systems: public address system, mass text messaging, University emails, and social media.

The Director of Police or the Chief of Police and the Senior Director of Strategic Communications make up the Timely Warning Committee. In a situation where one or both will not be available, they may assign designees. For redundancy, there are also pre-designated alternates. In instances when communication cannot be established with the Timely Warning Committee or alternates, the police shift sergeant or officer in charge will make the determination as to the issuance and content of the warning. The warning would then be sent by police dispatch personnel.

In circumstances that the Timely Warning Committee determines the incident at hand does not meet timely warning standards, they may decide to issue a "Safety Alert." The Clery Act does not require a safety alert; however, Commonwealth University has elected to provide this service as a commitment to keep the campus community informed and safe. Safety alerts may result in the entire campus or a portion of the campus receiving the information using one or more of the notification systems.

Criminal Activity Off Campus

When a Commonwealth University student is involved in an off-campus offense, University Police may assist with the investigation in cooperation with local, state, and federal law enforcement agencies. The local police often work and communicate with University Police officers on serious incidents involving Commonwealth University students, living off-campus. Local police have jurisdiction in off campus areas, while offenses and investigations occurring on the campus of Commonwealth University are primarily handled by University Police. The University Police Department has the ability to communicate with local police departments.

Limited Voluntary Confidential Reporting

The University Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the University Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to the University's designated campus security authorities.

Education, Prevention, and Programming

Commonwealth University encourages students and employees to be responsible for their own security and the security of others; to assist with this responsibility, a variety of programs, training, and education is available.

Crime Prevention

Crime prevention is a cooperative effort, between the campus community and the police. Police speak with new incoming students at the beginning of each semester and attend various tabling events throughout the year. In addition, the department attempts to target groups and activities within the University and provides seminars dealing with crime prevention and safety. In the course of routine foot and vehicle patrols, officers engage with the campus community and provide on-the-spot education regarding safety and security. Safety tips are also available on the University Police Department website.

Sexual Misconduct

On-going prevention and awareness efforts are imperative. Commonwealth University takes extensive efforts to educate the campus community regarding sexual misconduct. All new incoming students are required to attend various informative seminars where topics including but not limited to sexual assault, rape, dating violence, domestic violence, and stalking are covered. The Office of Title IX has a standard programming menu and offers sexual assault education and programming to University employees and students upon request. The Office of Title IX also provides trainings and workshops to specific student groups such as, but not limited to: all student employees, student athletes, mentors, resident advisors, and student government. Specifically, bystander intervention workshops are offered multiple times throughout the academic year.

The Office of Title IX also posts educational and informational posters around campus and concentrated educational campaigns in the Residence Halls. The Office of Title IX also collaborates with Residence Life Staff on programming within the Residence Halls and creates bulletin boards for Resident Assistants with sexual misconduct educational themes.

The campus Woman's Resource Center also offers educational opportunities through various speakers and literature on sexual assault awareness, prevention/risk reduction, and bystander intervention, in addition to tabling and providing programming upon request.

Commonwealth University has certified RAD (Rape Aggression Defense) instructors. RAD classes are scheduled and open to the campus community or can be requested and scheduled for specific groups.

Fire Safety

Fire safety education programs for new incoming students living on campus are held at the beginning of each semester. These programs are designed to familiarize students with the fire safety systems in their residence, instruct what to do if the fire alarm is activated and where to go once outside the building, and provide fire prevention tips. Students are also informed that participation in fire/evacuation drills is mandatory. New employees receive fire safety training during employee orientation.

Individuals with disabilities are asked to contact the Safety Director / Office of Workplace Safety at 570-389-4792 to make a Personal Emergency Evacuation Plan.

Fire safety education and training programs are administered by the Office of Workplace Safety, which is well experienced in fire safety matters.

If a fire occurs, you are instructed to leave the hazardous areas immediately. Follow the posted evacuation routes, and report to the predetermined evacuation location before calling 911 for help. You are to remain at that location until an administrative official has documented that you have safely evacuated the building. Do not re-enter the building until you have been instructed by University Police or their designee that it is safe to do so.

Other Safety Information

A training video, "Run, Hide, Fight (Active Shooter Training)," is available on the University Police Department website. This training details what to do in the event of an active shooter on campus. The video and related materials provide individuals with tangible tools and resources to remain as safe as possible in the event there is an active shooter incident.

Drugs and Alcohol

Commonwealth University offers programs and services to prevent the illicit use of Alcohol and Other Drugs (AOD) by students and employees. The programs and services include the distribution of informational material to the student community by means of posters, on electronic billboards in common areas, and on social media. Educational AOD programs for students are offered in classrooms via curriculum infusion, through tabling, and outreach efforts to the campus community. Support services and referrals are available through the Alcohol and Other Drug Intervention and Prevention Office. Students violating the University's Alcohol and Other Drug (AOD) policy are referred to the Office of Student Conduct. Employees violating the policy are held accountable in accordance with university employee disciplinary procedures. Students, employees and visitors are also subject to prosecution, in accordance with the Pennsylvania Crime Codes.

Specific education is as follows, but is not limited to: BASICS (Brief Alcohol Screening and Intervention for College Students), CASISC (Cannabis Screening and Intervention for College Students), individual support sessions, and Screen U Assessments.

Drugs and Alcohol

Alcohol Law and Policy

The possession, sale or the furnishing of alcohol on the University campus is governed by Commonwealth University Policy 4810 and Pennsylvania state law. Laws regarding the possession, sale, transportation, consumption or furnishing of alcohol is controlled by the Pennsylvania Liquor Control Enforcement. However, the enforcement of alcohol laws on-campus is the primary responsibility of the University Police Department. The campus has been designated alcohol free and only under certain circumstances is the consumption of alcohol permitted, such as in the private residences of those University officials and employees required to live on University property, and in the instance of University sponsored events for which the special permission is received within the guideline of policy 4810.

It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age is illegal. Violators are subject to University disciplinary action, criminal prosecution, fine, and imprisonment. It is also a violation of the Commonwealth University Alcohol Policy for anyone to consume or possess alcohol in any public or private area of campus without prior University approval. Organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the University.

Illegal Drugs and Marijuana Laws and Policies

The Commonwealth University campus has been designated “Drug free”. The unlawful possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the University Police Department. Violators are subject to University disciplinary action, criminal prosecution, fine, and imprisonment.

Medical marijuana may not be used or possessed on campus. Nothing in the Pennsylvania Medical Marijuana Act changes federal law. Federal law identifies marijuana as a prohibited Schedule I controlled substance, that is, an illegal drug. State laws legalizing marijuana for some uses do not alter the federal law. Federal law supersedes state law in this area.

Local, State and Federal Legal Sanctions

The Commonwealth of Pennsylvania sets 21 as the minimum age to purchase or possess any alcoholic beverage. General information regarding violations of alcohol laws, including driving while intoxicated, are available from the University Police Department. Persons under age 21 found possessing alcohol can be fined a maximum of \$500.00 for the first offense and a maximum fine of \$1000.00 for the second and each subsequent violation.

Anyone convicted of fraudulently using a driver’s license to buy or attempting to buy alcohol is guilty of a summary offense for the first violation and a misdemeanor of the third degree for any subsequent violation.

The Commonwealth of Pennsylvania prohibits the manufacture, sale or delivery, holding, offering for sale, or possession of any controlled substance. Penalties are in accordance with the Controlled

Substance, Drug, Device and Cosmetic Act and can range from a misdemeanor for the possession of drug paraphernalia to a felony charge for manufacturing. Fines for offenses may vary. In general, summary offenses have a fine up to \$300 unless a higher fine has been pre-established by law. A third-degree misdemeanor can have a fine not to exceed \$2,500. A second-degree misdemeanor can have a fine not to exceed \$5,000. A first-degree misdemeanor can have a fine not to exceed \$10,000. A third-degree felony can have a fine not to exceed \$15,000. A first- and second-degree felony can have a fine not to exceed \$25,000. A murder or attempted murder conviction can have a fine not to exceed \$50,000.

A violation by a student of any law regarding alcohol or drugs is also a violation of the University's Student Code of Conduct and will be treated as a separate disciplinary matter by the University.

Policy on Weapons

It shall be prohibited for anyone to possess or control weapons, firearms or dangerous devices on the campus of Commonwealth University. This policy includes but is not limited to the following: firearms, ammunition, explosives, billy clubs, martial arts weapons, bows and arrows, sabers, swords, daggers, switchblades, knives used primarily for hunting purposes, fireworks, pellet guns, air guns, BB guns, stun guns, paint ball guns and/or any other devices whose primary purpose is to inflict serious bodily injury.

Exceptions to this policy may be granted in appropriate circumstances by the Chief or Director of University Police. Faculty, staff, and students who bring hunting equipment or prohibited weapons to campus must register these items for storage in the University Police Department.

Failure to comply with the Weapons, Firearms and Dangerous Devices Policy will result in campus administrative or judicial actions.

Response to Sexual Assault, Domestic Violence, Dating Violence, and Stalking

Commonwealth University has a comprehensive Sexual Misconduct Policy that covers the following in detail:

- 1) Definitions of sexual misconduct including, but not limited to: dating violence, domestic violence, sexual assault, and stalking (also included in the definitions section of this report)
- 2) How to report sexual misconduct
- 3) Options including, but not limited to: law enforcement involvement, supportive measures (such as no contact documents, housing accommodations, academic accommodations)
- 4) Rights of parties involved
- 5) Definitions and explanations regarding confidentiality and privacy
- 6) University administrative due process

Commonwealth University is committed to creating and maintaining a campus environment where safety, health, and well-being are priorities for all. The University will not tolerate any form of sexual misconduct, which includes but is not limited to rape, sexual assault, domestic violence, dating violence, and stalking. Definitions of sexual misconduct and additional relevant definitions such as consent can be found in University policies, "The Sexual Misconduct Policy" (PRP 4790) and "The Sexual Harassment and Discrimination Policy" (PRP 4789). All policies and procedures relating to sexual misconduct can be found on the Commonwealth University website.

Reporting

If you are a victim of sexual misconduct at this institution, your first priority should be to get to a safe location. You should then obtain necessary medical treatment. University Police strongly advocates that the victim reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the University Police Department or the police department in the appropriate jurisdiction. Filing a police report with University Police does not obligate the victim to prosecute, should the assailant be identified. Filing a police report will ensure that the victim receives the necessary medical treatment and tests at no expense to them; evidence collection may also be helpful in a related legal process such as, but not limited to, a Protection From Abuse Order (PFA). It will also allow University Police to collect evidence that may not be available later.

An individual may also make a report to a Campus Security Authority, Office of Title IX, Office of Residence Life, Office of the Dean of Students, or Office of Student Conduct. Most University Employees are mandatory reporters of sexual misconduct under the University Sexual Misconduct Policy. Reports can be made in-person, via an online form, via email, or over the phone.

After receiving a report of sexual assault or domestic violence, University Police notify the Office of Title IX. Victims may pursue an investigation through the criminal justice system and the Office of Title IX or only the latter when an incident of sexual misconduct occurs.

It is an individual's choice about whether or not to involve law enforcement. It also an individual's choice to be assisted by law enforcement and may decline such authority's involvement.

Rights

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic, violence, sexual assault, or stalking, or anything covered within the Sexual Misconduct Policy, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of their rights and options.

Individuals have a right to: 1) medical attention; 2) to file a report or complaint and withdraw a complaint; 3) supportive measures; 4) contact law enforcement; 5) an equitable, efficient, process; 6) due process; 7) a process free from retaliation.

Investigations

The University will pursue an independent investigation of violations of the University's Sexual Harassment and Discrimination Policy (PRP 4789), The Sexual Misconduct Policy (PRP 4790). These investigations are conducted independent of any other police investigations stemming from a sexual misconduct allegation. These investigations are conducted by Commonwealth University's Title IX Coordinator or designee, who can be reached at 570-389-4808. University Police makes notification to the Title IX Coordinator when a sexual misconduct matter is reported to the University Police Department.

Disciplinary Action

Individuals involved in cases of sexual misconduct have the right to a prompt, fair, and impartial process. All parties involved in University processes have the same rights, which are outlined in the related policies. Commonwealth University will simultaneously notify, in writing, both the accuser and the accused of: the result of any disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking; procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding; any change to the result; and when the result becomes final.

Hearing processes are conducted by an official who received training on the issues related to dating violence, domestic violence, sexual assault, and stalking. All procedures take great effort to protect the safety of the victim and promote accountability.

No contact documentation can be issued to students in situations where specific behavioral expectations need to be addressed or outlined. Interim No contact Orders may be implemented initially after a report, or no contact agreements can be requested by students.

Victims have the right to seek judicial action both through the legal process as well as administratively through University proceedings. Students should refer to The Sexual Misconduct Policy (PRP 4790) and The Student Code of Conduct (PRP 4802). University faculty and staff should refer to The Sexual Misconduct Policy and The Sexual Harassment and Discrimination Policy (PRP 4789). Both policies outline filing complaints/reporting, proceedings, steps, timelines, decision-making process (student hearings utilize the preponderance of evidence standard), possible sanctions/action.

Resources

The University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available both within the institution and in the community. A University Police officer or the Office of Title IX will guide the victim through the available options and provide support.

Parties involved have the right to choose to decline or utilize the available resources/rights throughout any stage in their process. The University will assist the victim seeking accommodative or protective measures regardless of whether or not the victim chooses to report the crime to campus police or local law enforcement.

Compliance

The Office of Title IX maintains all administrative reports and process documentation in relation to sexual misconduct, and works with the University Police Department Staff to ensure compliance with the Clery Act. The Office of Title IX provides all relevant data and information to the University Police, while protecting individual's identity.

Sex Offender Registration

In accordance to the Campus Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Education Rights and Privacy Act of 1974, (FERPA) Commonwealth University's Police Department will monitor a list of sexually violent predators that is provided by the Pennsylvania State Police. The Act also requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by the PA State Police concerning registered sex offenders may be obtained. It also requires sex offenders already registered in a state to provide notice of each institution of higher education in that state at which the person is employed, carries a vocation, or is a student.

Pennsylvania's Megan's law, (42 Pa.C.S. 9799.1) requires the Pennsylvania State Police to create and maintain a registry of persons who have either been convicted of, or entered a plea of guilty to or adjudicated delinquent of certain sex offenses listed in 42 Pa. C.S.9795.1 and 9795.2. Additionally, the Pennsylvania State Police are required to make certain information on registered sex offenders available to the public through their Pennsylvania Megan's Law website, (<http://www.pameganslaw.state.pa.us>). For more information about Megan's Law in general, you can go to www.psp.state.pa.us and click on the link for the sexually violent predator list.

Emergency Notifications, Response, and Evacuation

In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus, Commonwealth University will upon confirmation, issue Emergency Notifications to the campus community. Emergency notifications are provided when a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees or others is occurring or is about to occur on the Commonwealth University campus. Emergency Notifications will contain information pertaining to the threat or emergency such as location, timing and safety, and evacuation procedures. Safety and evacuation procedures examples include shelter in place, avoid an area, and vacate building(s) or campus. Notifications may include available information as to safer locations and shelters. Updates provided as necessary.

The issuing of emergency notifications must be decided on a case-by-case basis in light of all the known facts, including confirmation and circumstances surrounding the situation. The following administrators, their designees or alternates will be members of the Emergency Notification Committee and will be responsible for determining the appropriateness of issuing Emergency Notifications:

Director of Police/Chief of Police
Sergeant/OIC Alternate 1
Senior Director of Strategic Communications

Commonwealth University's Emergency Notification Committee will without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the Emergency Notification Committee, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Upon confirmation by a University official, through firsthand knowledge of police personnel on scene, news outlets, weather websites, public health sources, and/or law enforcement data and intelligence emergency notification information is shared with the Emergency Notifications Committee by the Chief of Police or designee, who would normally receive it from the Sergeant or Officer in Charge of the shift. A determination is then made by the committee, who would usually communicate via phone, as to if an emergency notification will be issued and the information it will contain. The notification is written by the representative from Strategic Communications and if time permits, reviewed by the police representative. The Office of Strategic Communications is responsible for disseminating the notification.

In extreme instances when it would not be practical to use the Emergency Notification Committee or communication could not be established, the police shift sergeant or officer in charge will make the determination as to the issuance and content of the notification. The notification would then be sent by police dispatch personnel.

Depending on the nature of the emergency, students and employees may be directed to a safe location, told to shelter in place, evacuate the campus, and/or be provided with other pertinent safety information. Additionally, campus buildings may be secured and utilities adjusted accordingly. If there is a need to disseminate such emergency information to individuals and/or organizations outside of the campus community, it will be handled by the Office of Strategic Communications.

Commonwealth University's process for communicating emergency information to the campus community includes, but is not limited to, The Alert System, a siren/outside public address, the safety website, and social media. There is also a clearly identifiable link to notifications on the University Police website. As determined by the Emergency Notification Committee, Emergency Notifications may be issued using some or all of the above notification systems.

Commonwealth University is not responsible for charges applied by cell phone providers. Students are automatically enrolled in this service and will be sent messages based on the information provided in their student account. Participation in this service is voluntary for employees. Employees are not required to sign up for any type of notifications, but those who do may choose to be notified by voice, text, and/or e-mail. While participation is voluntary, employees are strongly encouraged to sign up for these notifications. To find out more, please visit the University Police Department website.

Every year a regularly scheduled test designed for evaluation of emergency response plans is conducted that includes drills, exercises, and follow-through activities. Additionally, at a minimum, unannounced evacuation drills are conducted each spring and fall semester for all occupied campus buildings. Students learn the locations of emergency exits in buildings and are provided guidance about direction they should travel and gather when exiting each building for short term evacuations.

Long term evacuation locations are not publicized as they are subject to a number of factors including; time of day, location of building being evacuated, nature of the emergency, and availability of designated evacuation areas.

Records of tests and drills include a description of the test, the date and times it started and ended, and if it was announced or unannounced. All test records will be kept for seven years.

Evacuation and shelter in place information is provided to students and employees each year via email.

In circumstances that the Emergency Notification Committee determines the incident at hand does not meet Emergency Notifications standards, they may decide to issue a Safety Alert. Commonwealth University has elected to provide this service as a commitment to keep the campus community informed and safe. Safety Alerts may result in the entire campus or a portion of the campus receiving the information using one or more of the notification systems.

Reporting Fires

Commonwealth University is required to annually disclose statistical data on all fires that occur in on-campus student residential facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on campus student housing facilities. These are fires for which you are unsure whether they have been reported to the University Police Department. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

University Police – Lock Haven – (570)-484-2278
Safety Director – (570)-389-4792

When calling, please provide as much information as possible about the location, date, time, and cause of the fire.

In years **2021, 2022 and 2023** there were **0** reported Fires at the foundation owned Foundation Village housing unit.

Portable Electrical Appliances, Smoking, and Open Flames in a Student Housing Facility

The Office of Housing and Residence Life Staff perform residence hall health and safety inspections twice a year; once during the fall and spring semesters. These inspections will be announced. The Office of Workplace Safety conducts health and safety inspections twice a year. These inspections are not announced, and a random number of units are selected for the inspections.

During residence hall room inspections, each room will be examined for the presence of prohibited items (e.g., sources of open flames such as candles, non-surge protected extension cords, halogen lamps, portable cooking appliances in non-kitchen areas, etc.) or prohibited activity (e.g., smoking in the room, tampering with life safety equipment, possession of pets, etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled, confiscated, and donated/discarded if found, without reimbursement.

Procedures for Student Housing Evacuation During a Fire

When there is a fire emergency in the building, exit the building immediately and if you pass a pull station on your way out, activate the pull station by pulling down on the handle. The University expects all campus community members to evacuate the building during a fire emergency. Once safely outside call 911 to report the fire and check in with the staff, so they can document that you have evacuated safely. Staff will provide you with additional instructions as the situation warrants. Everyone is required to participate in fire/evacuation drills. Evacuation of the building by all occupants is required

immediately after the fire alarm is activated. Failure to evacuate could result in fines and disciplinary action through the Student Code of Conduct.

Daily Crime and Fire Logs

The University Police Department maintains a daily crime log of all criminal incidents and alleged criminal incidents that are reported to the department.

The University also maintains a fire log, which contains date, time, location, nature, and damage amounts for fires that occur in on campus, residential housing facilities.

The daily crime and fire logs are available to any person requesting it. The most recent 60 days of incident information is available for viewing during normal business hours, upon request. Requests for incidents beyond 60 days will be provided within two business days.

The daily crime log records all criminal incidents and alleged criminal incidents that have been reported on campus or on public property immediately adjacent to and accessible from campus, and crimes that occurred within the patrol jurisdiction of the University Police. The daily crime log contains all crimes reported to the Department regardless of the classification of the crime. Officers complete an incident report on crimes that are reported. The report includes information on the nature, date, time, general location, and disposition of each crime. New information about a log entry is also recorded in the log no later than two business days after the information has become available to the department. Examples of this would be if criminal charges are not immediately filed, but are filed at a later date, pursuant to the outcome of an investigation. Daily crime logs do not include identifiable information of victims.

Accurate crime reporting will assist to maximize information available, so prospective / current students and prospective / current employees can make informative decisions about their safety and security needs.

The Commonwealth University Police Department reserves the right to exclude reports from the crime log in certain cases where there is clear and convincing evidence that the release of such information would: jeopardize an ongoing criminal investigation, the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, until that damage is no longer likely to occur from the release of such information.

Missing Persons

Commonwealth University Police Department policy mandates that all reports of missing persons must be given full consideration and attention by members of the University Police Department, to include careful recording and investigation of factual circumstances surrounding the disappearance in accordance with this Policy.

The purpose of this policy is to establish responsibilities and guidelines for the investigation of missing persons and to assist in the safe and timely return of missing children. This order provides members

with procedures on law enforcement mandates in regards to missing children defined as persons under 18 years of age, and missing persons under 21 years of age. It shall be the policy of the University Police Department to comply with this directive. In addition, all personnel shall comply with Section 2908 of Title 18, Missing Children, the statewide Amber Alert Plan, 42 U.S.C.5779(a), the National Child Search Assistance Act of 1990 and the PROTECT Act of 2003.

The National Child Search Assistance Act of 1990 mandates law enforcement's immediate response to reports of missing children and the prompt entry of descriptive information in the FBI's National Crime Information Center Missing Person File. The PROTECT Act of 2003 amended the Nation Child Search Assistance Act to extend the same NCIC reporting responsibility and other benefits to young adults, 18, 19, and 20 years of age.

If a member of the Commonwealth University community has reason to believe that a student who resides in on campus housing is missing, he or she is required to immediately report this to the University Police Department. University Police will complete a missing person report and begin an investigation. In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by University Police, in the event the student is determined to be missing. If a student has identified such contact, University Police will notify that individual when the student is determined to be missing. Students who are under 18 and not emancipated will have their parents and their contact notified upon being determined to be missing. Missing person contact information may be accessed only by authorized campus officials. Those officials may disclose the contact information only to law enforcement and only for the purpose of a missing student investigation.

Consent - In relation to sexual activity, the Title IX office of Commonwealth University defines consent as words or actions that demonstrate an affirmative, knowing and voluntary agreement to engage in a mutually agreed upon sexual act. Consent must be informed and freely given. Consent is invalidated when it is forced, coerced, or when a person is physically and/or mentally incapable of giving consent. For example, a person who is substantially impaired by drugs or alcohol may not be able to consent. Some signs of substantial impairment may include, but are not limited to, loss of balance/inability to walk without stumbling, slurred speech, inability to focus their vision, vomiting, erratic or extreme behavior, knowledge of person's significant use of drugs or alcohol, or passing out. Consent is an active, on-going process. It can be withdrawn at any time, and consent for one sexual act does not imply consent for another subsequent sexual act. Consent, a lack of consent or a withdrawal of consent can be expressed by words or actions or both. For example, verbal silence or the absence of physical resistance does not automatically mean someone has consented to a sexual act; nor is physical resistance required for a person to verbally communicate a lack of consent or to withdraw consent. In relation to this, there is no Pennsylvania state definition.

Dating violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. (i) The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Hate Crime - a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Although there are many possible categories of bias, under the Clery Act, only the following eight categories are reported:

- i. **Race.** A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically

Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.
 - vi. **Ethnicity.** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.
 - vii. **National Origin.** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
 - viii. **Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
