

Mansfield Campus Artwork Location Form

Most artworks will have some form of catalog or accession number labeled on them as a metal tag, sticker, or handwritten. For 2D artwork, please look to the backside of the artwork, for this is where the information is most frequently placed. If unsure, please provide as detailed a description as possible as to the artwork's location and what it looks like and someone will be out to look at it. When possible, pictures of the artwork are very helpful and can be taken with your cell phone. Please email the completed form and pictures to kcobb@commonwealthu.edu.

Mansfield Campus Artwork Location Form
