<b>Capital Expenditures</b>			
The following Commitment Items/GL Accounts are for capitalized expenditures. In order to be considered capital, the asset must cost at least \$5,000.00 and have at least a two-year useful life. Installation, alterations and freight costs should be included in the asset cost to be capitalized and charged to the appropriate capital expenditure object code. Building and land improvement projects may have certain expenditures less than \$5,000.00; however, they should be charged to the corresponding fixed asset object code since the total cost of the project is considered an asset.			
<b>700</b>	<b>Land</b> - Purchase price and all acquisition costs of land purchased by the University.		
	700000	Land Acquisition	All costs associated with the purchase of land.
<b>710</b>	<b>Buildings and Structures</b> - Any structure erected to stand more or less permanently; and designed for human use and occupancy or as shelter for animals or goods. Total asset cost will include: excavation, foundation, framing, floor structure, roof structure, exterior wall, interior construction, fees, permits, and building service systems (plumbing, sewage, HVAC, lighting, electricity, elevators, fire protection, emergency power systems) and all permanently attached fixtures and fixed equipment (boilers, compressors, generators, etc.). A purchase including the acquisition of both land and buildings requires that the cost be allocated between the assets.		
	710000	Buildings	All costs associated with the purchase or construction of a building. Does not include the cost of land. Any charges to this account must be assigned to a WBS (fund center that ends with a point and digit).
<b>720</b>	<b>Building Improvements</b> - Improvements or enhancements which extend the useful life of the building. This includes additions, roof replacements, installation of elevators, replacement of air conditioning or heating systems, installation of fire protection systems, replacement of plumbing and wiring and other major renovations.		
	720000	Building Improvements	All costs associated with improvements or enhancements to existing buildings which extend the useful life of the building. Examples include the North Hall Roof Replacement, Haas Sound Mitigation, Price Stair Replacement. Any charges to this account must be assigned to a WBS (fund center that ends with a point and digit, e.g., 8260491904.4 – North Hall Roof).
<b>730</b>	<b>Improvements other than Buildings</b> - Physical changes in or appurtenances to land that increase the utility of the land. Examples include landscaping, paving, curbing, roads, parking lot construction, sidewalk improvements, utility distribution systems, tracks, basketball and tennis courts, artificial turf, fences, retaining walls, sewers, bridges, drainage facilities and major landscaping projects which are of a capital nature.		
	730000	Land Improvements	All costs associated with projects that increase the utility of the land.
