Bachelor of Arts (BA) – Integrated Emphasis

This degree map is based on the current Academic Catalog and is subject to change. Please note that the degree map is designed to give you a sense of roughly how courses might be distributed over a 4-year degree. Your exact schedule will differ depending on a range of factors though we recommend taking a minimum of 15 credits on average each fall and spring semester. Some semesters may require 16 credits. Select classes may swap between semesters depending on where the specific entry semester falls in the course offering rotation cycle. Regular consultation with your academic advisor is the best way to make sure that you are taking the courses you need in the right order to ensure efficient progress through your degree program..

Sample 4-Year Plan
