

Entrepreneurial Innovation Minor

This checklist is based on the current academic catalog and is subject to change. Students should meet with their academic advisor each semester and use Degree Works to monitor their individual progress toward completion of the minor.

Entrepreneurial Innovation will provide students with the creative and practical knowledge and experience you need to become a successful business owner or valued asset in corporate, governmental, and non-profit organizations across a variety of fields. Our program is designed to hone students' abilities to identify problems and opportunities and to develop and launch innovative solutions for products, services, and processes that significantly impact the operation of entrepreneurial ventures. Graduates from our program are equipped with the essential skills needed to prosper in the increasingly global market of the 21st century: creativity, problem-solving, and ambition.

Curriculum Checklist
